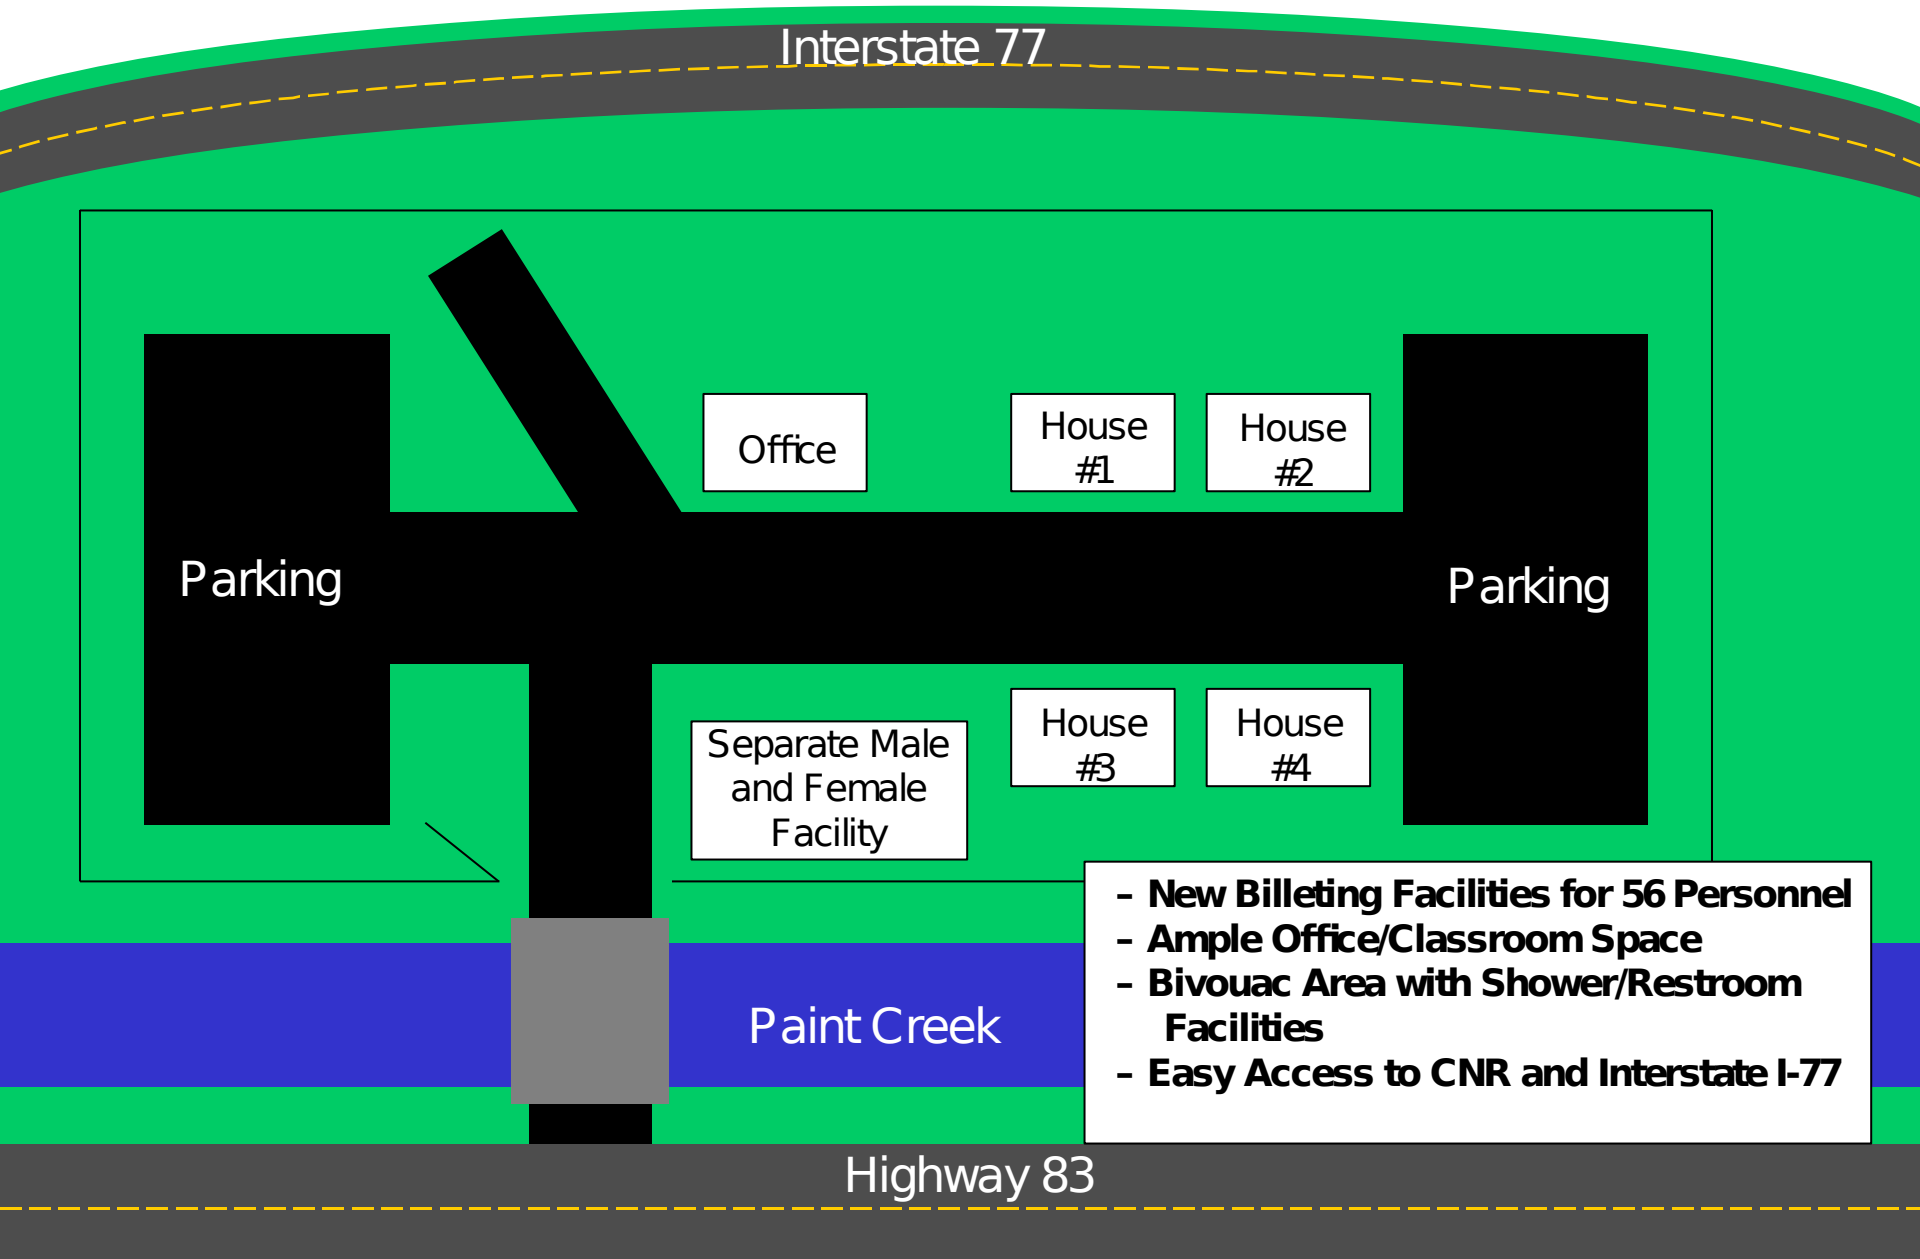
- Highway HAZMAT
- Confined Space Trainer
- Cave
- Multipurpose Area

Other Venues & Facilities

- Training Support Facility
  - Bivouac
  - Billeting (56 perso
- 10,000 Acres
  - Landing Zones
  - Tactical Movement /Recon
- Bunker
- Restaurant

Currently no cost to participants

CNR Training Support Facility

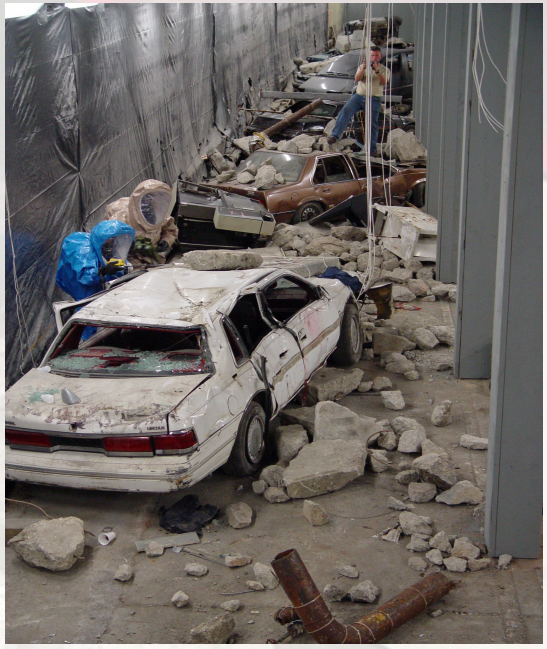


- **New Billeting Facilities for 56 Personnel**
- **Ample Office/Classroom Space**
- **Bivouac Area with Shower/Restroom Facilities**
- **Easy Access to CNR and Interstate I-77**

Rubble Area

Sample Scenarios

- Building Collapse
- Parking Garage Bomb Explosion
- Dirty Bomb
- Earthquake



Sample Training Objectives

- Search and Rescue
- Operating in no/low light & smoke filled environments
- Victim Triage & Evacuation
- EOD Procedures

Subway Area

- 2 Subway cars
- 500 feet of track

Sample Scenarios

- Terrorist Chem/Bio attack
- Hostage situation
- Dirty Bomb

Sample Training Objectives

- Agent detection & Identification
- Mass casualty and Triage
- Decontamination

Laboratory Area

Illicit/Extremist Chem/Bio/Drug Labs

Three Labs

Three levels of Sophistication

- Professional Lab
- Advanced Lab
- "Bubba's Bathtub" Lab

Highway HAZMAT Area

Sample Scenarios

- Traffic accident
- HazMat incident
- Deliberate attack
- Explosive Incident
- Hostage barricade

Sample Training Objectives

- Victim extrication and recovery
- Medical triage and treatment
- Decontamination
- Personal Protective Equipment Testing

Confined Space Area

Sample Scenarios

- Confined Space Ingress/Egress
- Confidence Exercise

Sample Training Objectives

- Confined Space Certification
- Search Techniques
- Movement of Victims
- Equipment testing

Cave Area

Sample Scenarios

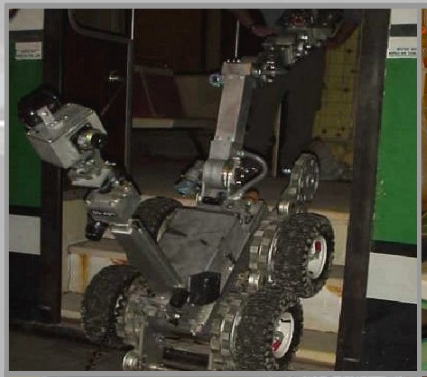
- Afghanistan Rehearsals
- Chemical Weapons Storage
- Extremist Group Hide out

Sample Training Objectives

- Tactical Search
- Neutralizing Chem/Bio Weapons
- Booby Trap Awareness
- Evidence collection

Operational Equipment Testing

- Personal Protective Equipment (Level A, B, and C)
- Detectors (Chemical, Biological, and Radiological)
- Communications Equipment (Wireless Video and Radio)
- Decontamination



Mobile Training Teams

Training in your backyard!

- Exercise Planning & Development
- Tailored, Challenging Scenarios
- Exercise Observation/Control
- Detailed After-Action Reports
- ıal Equipment

Currently no user fees!

CNR PROVIDES

A Premium Training Facility

- Exceptional Training Venues
- Professional Training and Exercise Staff
- Exercise Planning & Development
- Tailored Scenarios
- Exercise Facilitator
- After Action Report
- Equipment Testing & Evalua
- Mobile Training Teams
